

Email Scheduler

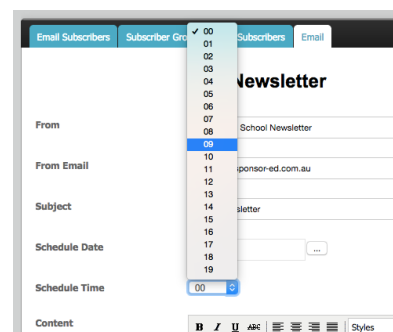

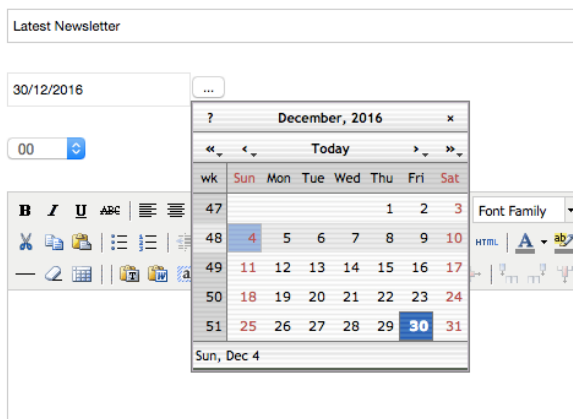

Want your parents to read your newsletter??? We've done plenty of research in regards to school newsletters – the best time to send them out – THE WEEKEND! But who wants to worry about getting the newsletter out on your day off?

The 2016 upgrade brings to you an email scheduler.

1. COMMUNICATE – Email: Create your e-newsletter as usual. (Please see “Creating an e-newsletter” cheat sheet if you need help with this).

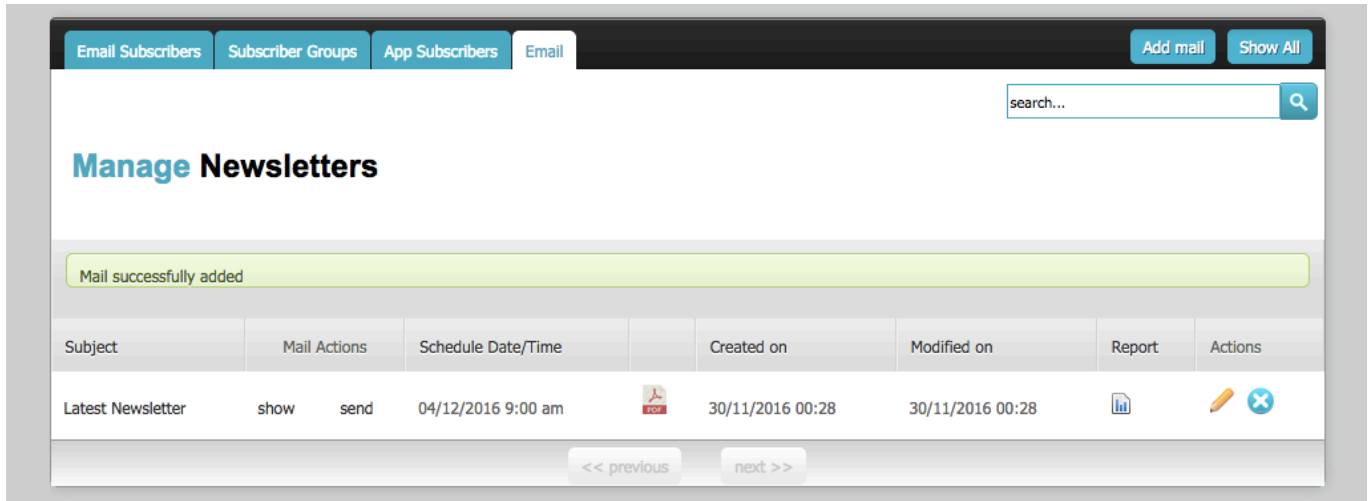

2. You will now see there is an option for Schedule Date and Schedule Time. Choose your date and hour you wish to send.

Email Scheduler

3. Scroll to the bottom and hit SAVE. Your newsletter is now scheduled to be emailed as seen below.

The screenshot shows a web interface for managing newsletters. At the top, there are navigation tabs: "Email Subscribers", "Subscriber Groups", "App Subscribers", and "Email". To the right are buttons for "Add mail" and "Show All". A search bar is located in the top right corner. Below the navigation is a green banner that says "Mail successfully added". The main content area features a table with the following columns: "Subject", "Mail Actions", "Schedule Date/Time", "Created on", "Modified on", "Report", and "Actions".

Subject	Mail Actions	Schedule Date/Time	Created on	Modified on	Report	Actions
Latest Newsletter	show send	04/12/2016 9:00 am	30/11/2016 00:28	30/11/2016 00:28		

At the bottom of the table, there are navigation buttons: "<< previous" and "next >>".

4. And don't forget you can now link your QuickView to your email so your parents can see your upcoming events! Simply add the @@quickview@@ code to the body of your email.

Latest Newsletter

Dear Subscribers Name,
