Your mobile friendly template has the ability to export your subscribers or site members to CSV. This is a handy tool if you need a list of parent contacts.

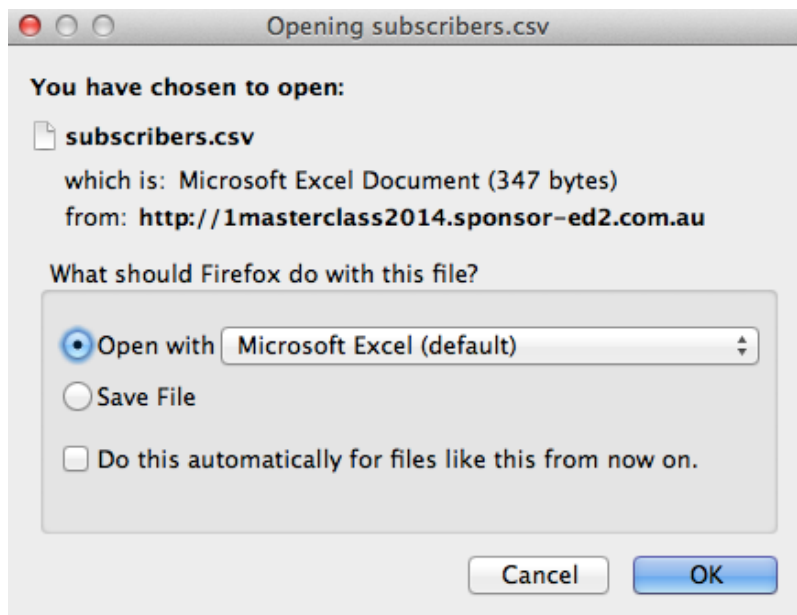

1. COMMUNICATE – Subscribers
2. Click on EXPORT TO CSV

The screenshot shows a navigation bar with buttons for Rostering, Roster calendar, Roster Applicants, Subscribers, Subscriber Groups, Newsletters, Export to CSV, Add subscription, and Show All. A blue arrow points to the 'Export to CSV' button. Below the navigation bar is a search input field and a search icon. The main heading is 'Manage Subscribers'.
